

EXHIBIT I

INCIDENT REPORT

08 SEPT 2014

At approx. 1015hrs, this date Deputy HUNTER entered my office and stated that Judge KWIDIS had stopped him and said "What's going on with that guy that works down stairs?" HUNTER asked who he was talking about, and the Judge replied "Curt". HUNTER said "Curt Larrick?" Judge replied "Ya", HUNTER asked whats he doing? Judge stated that Larrick was "Disrupting his chambers visiting his law clerk." "I just want it to stop!" Hunter stated he would pass it on to the Chief.

At approx. 1020hrs, this date, I made contact with Judge KWIDIS at which time the Judge indicated that LARRICK was constantly following his law clerk (Megan) and trying to communicate with her. Judge KWIDIS stated that neither he nor Megan wanted this to become a major issue but that LARRICK needed to stop. I assured the Judge that I would speak with Deputy LARRICK about the matter.

At approx. 1230hrs, this date, I met with Deputy LARRICK and advised him of the conversation with the Judge and the problem he was having. LARRICK stated that he was friends with the law clerk and that they text back and forth. I advised LARRICK that his personal life outside the courthouse was his own but that while he was on duty in uniform, he would no longer have contact with the law clerk, unless that contact was professional. LARRICK stated that he understood but did not feel he did anything to cause a problem. I stated that obviously the Judge did not feel the same and that it must stop now!!
